HERMETIC offers in-house seminars in Gundelfingen:

Seminar 1: Tuesday, **10 November 2025** | Wednesday, **11 November 2025**

Seminar 2: Tuesday, **23 March 2027** | Wednesday, **24 March 2027**

Seminar 3: Tuesday, **26 October 2027** | Wednesday, **27 October 2027**

Our range of seminars makes an important contribution to the qualification of your employees and thus to the safety of your plant.

The **basic modules** form the basis of all important topics relating to HERMETIC pumps.

Number of participants per seminar: minimum 5 to maximum 10 people. | Places will be allocated in the order in which registrations are received. | Registration deadline: 14 days before the first training day. | Additional dates may be offered if demand is high.

The seminars can be held in German or English.

ALL SEMINARS INCLUDE A CERTIFICATE
