

Dear Ladies and Gentlemen,

The ACHEMA 2012 will open its gates in a few days. We would like to use today's newsletter to get you into the mood for this exhibition highlight.

Transmitting information by print products or alternatively the online newsletter cannot and should not replace a personal contact to you. Therefore, visit us at the ACHEMA 2012 and learn about our innovations and services onsite.

The ACHEMA 2012 takes place from June 18th to 22nd in Frankfurt/Main. Our stand is located in **Hall 8.0, Stand D4**.

We are looking forward to your visit.

Nicolaus Krämer
Managing Director

Products and News

Our principal topics at this year's ACHEMA are as follows:

Energy efficiency

- Speed controlled canned motor pumps
- Multistage canned motor pumps

Standardization

- Single-stage canned motor pumps in standard design and variant design
- Comprehensive modular construction of liquid-ring vacuum pumps up to a flow rate of 3000 m³/h

Monitoring and explosion protection

- Monitoring equipment for canned motor pumps
- New explosion protection concept for canned motor pumps
