

We are mourning the loss of our co-partner and long-time managing director

Dr. Roland Krämer

who sadly passed away aged 75 on 2nd December 2017.

Dr. Roland Krämer has been committed to his responsibilities in the engineering department for well over 46 years and he has worked tirelessly and with great enthusiasm for his and our company. The company owes a lot to Dr. Roland Krämer. He never shied away from a challenge regardless of how difficult it might have been and he brought the skills, knowledge and expertise to the table that enabled the company to explore complex boundaries and even technical limits. He has been instrumental to the development and the success of the company and in guiding us to become a technology leader in the field of canned motor pumps. Dr. Roland Krämer gained international recognition for his work and he was highly respected. His advice and guidance were often sought and his expertise and fairness were greatly appreciated.

We bid farewell to Dr. Roland Krämer and we wish to express our great appreciation and thanks for many years of invaluable collaboration, his extraordinary achievements and his entrepreneurial spirit. He will be missed very much for the expert advice he gave, but more importantly for the person he was.

We would like to express our most sincere condolences and deepest sympathy to his wife and his family.

**Partner, Advisory Council member, Managing Director, Works Council member,
and colleague at HERMETIC-Pumpen GmbH**
